NOTICE: iPOP2023, will be held as a In-Person Conference at NTT Musashino R&D Center, Tokyo, Japan. However, we are willing to welcome online speakers.

iPOP2023, will be held as a in-person conferences at NTT Musashino R&D Center, Tokyo, Japan on May 25-26, 2023.

The conference is intended to share among the industry and the academia communities, the knowledge, new findings, and experience on the state-of-the-art of “IP[IoT&Processing]+Optical Networking technologies.” Within the theme, we are augmenting the existing central theme of the conference with forward 6G (Beyond 5G) network and smart city which includes backbone, platform and services. In addition, we have network topics such as SDN, NFV and service chaining with the focus on reliable, manageable, flexible and cost-effective carrier and/or service provider networks. The iPOP2023 anticipates a draw of over 200 attendees, made up of network operators, service providers, and equipment vendors.

Join us and other industry leaders in the IP/IoT&Processing+Optical network technologies. For booth reservation and all other requests, please contact **iPOP2023 Exhibition Secretary** (ipop2023-exhibition@pilab.jp) by **April 14, 2023**.
