Call for Exhibition

iPOP2025 will be held at NICT, Koganei, Tokyo, Japan on July 17-18, 2025. The conference is intended to share among the industry and the academia communities, the knowledge, new findings, and experience on the state-of-the-art of “IP[IoT & Processing Network]+Optical technologies.” Within the theme, we are augmenting the existing central theme of the conference with forward 6G (Beyond 5G) network and smart city which includes backbone, platform and services. In addition, we have network topics such as SDN, NFV and service chaining with the focus on reliable, manageable, flexible and cost-effective carrier and/or service provider networks. The iPOP2025 anticipates a draw of over 200 attendees, made up of network operators, service providers, and equipment vendors.

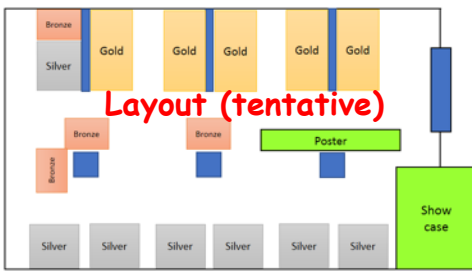

Join us and other industry leaders in the IP[IoT&Processing Network]+Optical technologies. For booth reservation and all other requests, please contact iPOP2025 Exhibition Secretary (ipop2025-exhibition@ml.pilab.jp) by **May 31, 2025**. Exhibitors will be obliged to provide electronic data of poster panels the end of June, which will be uploaded on the website of iPOP2025.
